

## LIFE IS EVEN A VAPOR

The wisdom of God says the following through the pen of James,

*“Come now, you who say, “Today or tomorrow we will go to such and such a city, spend a year there, buy and sell, and make a profit” whereas you do not know what will happen tomorrow. For what is your life? It is even a vapor that appears for a little time and then vanishes away.”*  
(James 4:13-14, NKJV).

People often take tomorrow, or even the next five minutes, for granted. Two good brothers, who loved and supported the work of the Lord we are blessed to do, recently passed. They were good husbands and fathers, but most importantly, faithful servants of God. It was their time to leave this earth, and that time will come to us, someday, as no one knows when it will happen. Faithful children of God who love and study His word know this, and also know we must be prepared. There will be a day when we all give an account of ourselves to God (Romans 14:12). Will He count us as His diligent or lazy servants?

Recently I had the opportunity to preach through Digital Bible Study a lesson titled [“One in Eight Billion.”](#) It is about the great blessing each Christian has of being of service to God to the current world population. God has great plans for us as He did with the faithful men and women recorded in the Scriptures. Several comments about the lesson were about how encouraging, edifying, simple, and scriptural it was. There are so many bad things going on in the world nowadays, and everyone needs to hear that God has great plans for them, and how they can serve Him. That is what the [Spanish Bible School](#) is about, to let people know what God teaches and commands in His Word, and how we can live for Him. Summarizing the words from the host after I finished my lesson,

*“You relied so much on the text to make your points and what a great use of Bible characters to emphasize the power of one person ... That’s all God needs. He just needs one person to stand up and do right and that’s a lesson that can be learned not just from the characters you had, I mean there are dozens of other characters who each in their own turn, in their own spot, in their own place, stood up, served, obeyed, and then they resisted temptation and all the things you talked about tonight. So refreshing.”*

God needs servants to take His Word and let the world know of His love toward His creation. We are so thankful to God for the blessing of serving Him through this work of the Lord and are thankful to you for being part of this work through your prayers, encouraging words, and financial support. We cannot do this without God and you. If you would like to know more about this work or would like to become a supporter, please feel free to contact WVBS, the University church of Christ, or me directly.

**May God bless you and your family richly today and always!**

**To Him be the glory!**
