

LABORING FOR SOULS

As Paul reminded the Corinthians, *“Therefore, my beloved brethren, be ye steadfast, unmoveable, always abounding in the work of the Lord”* (1 Corinthians 15:58, KJV), we continue to be encouraged by the many opportunities God provides to serve Him and help others grow in the knowledge of His Word.

The work of the School is not limited to videos and translation, as some might think. There is much more taking place behind the scenes through our websites, educational efforts, collaborations, and outreach opportunities. We thank God that we are not alone in this labor. We continue to be blessed to work alongside many faithful brotherhood efforts, and we would like to share a few areas that also keep us busy in the service of the Lord.

Our collaboration with **World Video Bible School** continues moving forward as new Spanish material is developed and distributed. Many of our lessons are also being incorporated into their **prison program**, allowing souls without regular access to the internet to continue studying and learning more about the Word of God.

We are also thankful for our continued collaboration with **Apologetics Press** in producing Spanish-language video material for their growing outreach efforts. Another great blessing has been our participation with **Polishing the Pulpit** in Branson, Missouri. For the second consecutive year, we are honored to help coordinate and serve in the Spanish track alongside thousands gathered for encouragement and spiritual growth.

Lord willing, beginning this month of June, I will also be teaching a course on **Evangelism and Missions** for the Spanish-speaking students of the **Brown Trail School of Preaching**. Previous experience serving as the Spanish instructor for the **House to House Heart to Heart School of Evangelism** has helped prepare me for this opportunity to continue encouraging brethren to reach souls with the gospel while also learning how to use the resources the Spanish Bible School makes available for them and the world.

We remain deeply grateful to those who faithfully support the School through prayers, encouragement, and financial generosity. Your support allows us not only to continue producing material, but also to assist and strengthen many other faithful efforts throughout the brotherhood. At this moment, **the work continues growing, but our available support is running short**. If you believe this is a good and worthwhile work for the Lord, we humbly ask you to consider helping us continue and expand these efforts. To learn more about the School or to support this work, please visit spanishbibleschool.org.

We thank God for every open door He continues to provide. May we all continue laboring faithfully for souls while time and opportunity remain.

May God bless you and your family richly today, and always!

To Him be the glory!
