

THE BIBLE'S JOURNEY

The Bible has traveled an extraordinary journey through history. God revealed His Word, inspired men to write it, and through centuries of copying, preservation, translation, and distribution, today we can hold the Scriptures in our hands and read them almost anywhere. Through it all, the words of Isaiah continue to remind us of the enduring nature of God's revelation: *"The grass withereth, the flower fadeth: but the word of our God shall stand for ever"* (Isaiah 40:8, KJV). But how did we get the Bible we have today?

In English, numerous books, lectures, and other resources address that question. In Spanish, however, such resources are **much more limited, especially those prepared by brethren rather than denominational sources**. Every Spanish-speaking soul, whether a believer or simply seeking answers, deserves the opportunity to understand where the Bible came from and why we can confidently trust the Scriptures we possess today.

For this reason, much of our recent work has been devoted to developing a new ten-lesson course, ***How We Got the Bible***. Building upon material developed by World Video Bible School, course notes are being completed, and, Lord willing, recording will begin in mid-October. We are excited about this project and look forward to making another much-needed resource freely available in Spanish.

At the same time, opportunities to take God's Word directly to others continue opening. Our participation in the Spanish lectures at Brown Trail School of Preaching concluded with encouraging conversations with brethren who shared how the School's resources benefit them and their congregations. By the beginning of October, Lord willing, we will also visit Brownsville, Texas, for a fellowship involving more than ten congregations. Other opportunities to introduce the School and its resources to Hispanic congregations throughout the United States are also developing.

This month we also began assisting the Spanish-speaking group at the Southwest church of Christ in Austin. This provides another opportunity to collaborate with and serve a small group of brethren while exploring ways to reach their community with the gospel and help others discover a family in Christ ready to welcome them.

Our attorney continues working on our residency process as we provide additional documentation. We remain deeply thankful for your prayers and for everyone who has helped us reach this stage.

God's Word continues its journey, and we are grateful to have even a small part in helping others hear, study, understand, and share it. **Thank you to those who faithfully support the Spanish Bible School and make these efforts possible**. If you would like to help us continue providing sound biblical resources freely to the Spanish-speaking world, please visit spanishbibleschool.org.

May God bless you and your family richly today, and always!

To Him be the glory!
